Description of event :

Mumbai's iconic David Sassoon Library and Reading Room, situated at Kala Ghoda, opened to visitors on Saturday after restoration work was completed in a period of 16 months. The Victorian Neogothic-styled structure was originally built in 1867 as a museum and library of mechanical models and architectural designs. It is one of the oldest educational institutions in the Victorian Gothic and Art Deco ensembles of Mumbai's UNESCO World Heritage Site and was originally styled by architects J Campbell and GE Gosling. The institute was renamed in 1938 as the **David Sassoon Library and Reading Room** after Sir David Sassoon, a Baghdadi Jew merchant, who funded its construction. The restoration project of the heritage library was carried out by the JSW Foundation and the ICICI Foundation. Sangita Jindal, Chairperson of JSW Foundation collaborated with India's leading conservation architect **Abha Narain Lambah** to execute the restoration project. Reportedly, private donations worth 3.6 crores were used in this restoration project. The founder of the library – David Sassoon, was also a prominent and interesting historical figure. He is said to be the treasurer of Baghdad between 1817 and 1829 and became the leader of the Jewish community in Mumbai after Baghdadi Jews emigrated there.

KMES College of Education had organized an educational tour to David Sassoon Library & Reading Room, Mumbai on 11th December, 2023. David Sassoon Library boasts of books, periodicals, and manuscripts covering a wide range of subjects like history, philosophy, science, and more. Apart from its magnificent architecture, another significant aspect of this significant restoration project was the rehousing of nearly 30,000 books in five languages, namely, English, Marathi, Gujarati, Hindi and Kannada. Some of these books are very old and have been part of the library for years. The David Sassoon Library and Reading Room has served the community well for many years, and also helped a number of students who populate the place. With the introduction of new facilities such as Wi-Fi, e-learning and e-book readers, most of us can spend some time here gathering knowledge of all things unknown. It also helps that there are a lot of food options around the library!

David Sassoon library is a great place to clear your thoughts and spend some alone reading time. The library maintains its silence policy, so there is nobody to disturb. Also, the free Wi-Fi service is an added bonus to work on one of those presentations without burning a hole in your wallet for a coffee. Pay it a visit and get a chance to explore the Bombay of old, along with becoming worldly wise and enjoying some great eateries around the area. It truly was a memorable experience for both the students and the teacher.

Outcome:

Education is the backbone for the progress of any society. Libraries provide the crucial role in promoting education, research, personality development, and other important values. A society cannot flourish without proper education and the primary requirement of the education system is the knowledge available in the books. Libraries, along with other reading materials, organize them, preserve them and disseminate the information to the users. In this way libraries play an important role in development of the society. REPORT ON VISIT TO MILLETS FESTIVAL

Details about event:

Title: Visit to Millets Festival

Date:06/12/2023 and 07/12/2023

Venue: G.M College, Bhiwandi.

Objectives:

- To promote millets as an energy-rich food choice for paramilitary personnel and to support their physically demanding routines, as millets are loaded with fiber, minerals, and essential nutrients.
- To spread awareness about the benefits of millets for the “cultivator, consumer and climate.

Description of event:

The United Nations General Assembly at its 75th session in March 2021 declared 2023 the **International Year of Millets (IYM 2023)**. FAO is the lead agency for celebrating the Year in collaboration with other relevant stakeholders. Millets can grow on arid lands with minimal inputs and are resilient to changes in climate. They are therefore an ideal solution for countries to increase self-sufficiency and reduce reliance on imported cereal grains.

IYM2023 will be an opportunity to raise awareness of, and direct policy attention to the nutritional and health benefits of millets and their suitability for cultivation under adverse and changing climatic conditions. The Year will promote the sustainable production of millets, while highlighting their potential to provide new sustainable market opportunities for producers and consumers.

As we received official invitation from G.M College, Bhiwandi, we have conducted meeting with students and prepared final list of students those who are going for visit. As per decided schedule we have reached on time at G.M College, Bhiwandi. B.Ed. Trainees have learnt many things like millets are a nutrient-dense, low-carb alternative to traditional grains that can have a variety of health benefits. They are a great source of protein, minerals, and dietary fiber, and can be used in a variety of dishes to add nutritional value. It also helps to promote awareness regarding Millets among students.

Everything organized in a very well manner and organizer shared the feedback form link with us. 10 staff members and 18 Students have visited in Millets Festival. Our principal and staff members appreciated their efforts. Everything went on in a smooth way by the grace of Almighty Allah.

Outcome:

This was really proven the great opportunity for our students to learn new things regarding Millets. It also helps to promote and spread awareness regarding benefits of Millets in our daily life. It also inculcated practical and observation skills among students. Objectives were achieved.

Description of event:

KMES College of Education had organized visit to Library Books Exhibition at G.M College, Bhiwandi on 13th December, 2023. G.M Library boasts of books, periodicals, and journals covering a wide range of subjects like History, Philosophy, Science, Commerce, Economics, English, Urdu and more. The exhibition aimed to promote reading, highlight the library's extensive collection, and engage the community in literary exploration. It helps us in learning and expanding our knowledge. Students develop their reading habits from a library and satisfy their thirst and curiosity for knowledge. This helps in the personal growth of a person and development. Similarly, libraries provide authentic and reliable sources of information for researchers. The exhibition served as a platform for community engagement. The exhibition was meticulously organized to create an immersive and enriching experience for attendees.

Outcome:

Libraries acquire books along with other reading materials, organize them, preserve them and disseminate the information to the users. In this way libraries play an important role in development of the society. The library books exhibition was a resounding success, achieving its objectives of promoting reading, showcasing diversity, and fostering community engagement. The positive impact observed during the event underscores the importance of such initiatives in promoting a culture of literacy and intellectual exploration within the community. The library looks forward to organizing similar events in the future to continue inspiring and enriching the lives of its patrons.

Education is the backbone for the progress of any society. Libraries provide the crucial role in promoting education, research, personality development, ethics and other important values. A society cannot flourish without proper education and the primary requirement of the education system is the knowledge available in the books.

Description of event :

Savitribai Special School for Mentally Handicapped is located in Bhiwandi. The B.Ed. students along with the members of staff visited Savitribai Special school for mentally handicapped in Bhiwandi. The visit to special schools was arranged by KMES College of Education, as Inclusive Education is a part of curriculum and also firsthand experience would help the future teachers to identify, handle and teach students with special needs with confidence and the learn the skills needed to handle special students.

Our visit to a special school was meant for understanding the learning tactic of mentally disabled children. These schools acclimatize the method of educating students who necessitate special requirements in a manner that speaks to their individual disparities and desires. We saw that the teaching procedure in this special school entails separately designed and methodically scrutinized compilation of coaching assessments, custom-made tools and equipment's, along with the accessible settings. These intrusions are intended to aid students having special needs of attaining an advanced level of individual self-reliance and achievement in school, college and their society.

Dr. Mrs. Ravinder Kaur Vilku (Principal, KMES Collge of Education) motivated the students by her wise words. Everything went on in a smooth way by the grace of Almighty Allah.

Outcome:

Our B.Ed. students recently visited Savitribai Special School for Mentally Handicapped. This visit has given me much knowledge in the field of special schools. B.Ed. students understood the process of teaching disabled students during this visit. Objectives were achieved. It also created the awareness regarding inclusive, Special and comprehensive education and inculcated the values like Sympathy, Equality and practicality among students.

REPORT ON STREET PLAY ON WORLD WATER DAY

Details about event:

Event: **STREET PLAY ON WORLD WATER DAY**

Date of Event: 22nd March, 2024

Time: 12.00 p.m.

Venue: Thana Road, Bhiwandi.

Objectives:

- To spread awareness of conservation of water.
- to raise awareness about the importance of freshwater and the need for sustainable management of water resources.
- to inspire individuals, communities, and organizations to take action to address water-related challenges.

Description of event :

World Water Day, observed annually on March 22nd, aims to raise awareness about the importance of freshwater and advocate for the sustainable management of water resources. This year, K.M.E.S College of education performed street play to commemorate this significant day, with the theme "**Water for Peace.**"

Street Play: A street play was organized in a bustling area of the community to engage the public and spread awareness about water-related issues in an entertaining and interactive manner. The play depicted scenarios highlighting the challenges faced by communities due to water scarcity, pollution, and unequal access to clean water. Through compelling narratives and engaging performances, the actors conveyed the message of the importance of water conservation, sustainable practices, and collective action. Passersby stopped to watch the street

REPORT ON E-WASTE DONATION CAMP

Details about event:

Event: E-Waste Donation Camp

Date: 20/04/2024

Venue: K.M.E.S College of Education

Objectives:

- One of the primary objectives is to promote environmental sustainability by encouraging the responsible disposal and recycling of electronic waste (E-Waste).
- The camp aims to raise awareness among the community about the hazards of improper e-waste disposal and the importance of recycling electronic devices.
- The camp seeks to encourage active participation by providing a convenient and accessible platform for donating e-waste, the camp encourages individuals to take action and contribute to the cause of environmental conservation.
- Another objective is to build partnerships with local authorities, recycling organizations, businesses, and other stakeholders involved in e-waste management.
- By collaborating with these partners, the camp can leverage resources, expertise, and support to achieve its goals more effectively.
- Engaging in competitive activities, while promoting sound health, safety, and physical fitness.

Description of event :

The E-Waste Donation Camp, organized by KMES College of Education, took place on 20th April, 2024. The primary objective of the camp was to promote responsible disposal of electronic waste (e-waste) and encourage students to contribute to environmental sustainability by donating their old electronic devices.

Activities and Highlights:

Collection Point Setup: A designated area was set up for collecting donated e-waste. The location was easily accessible and prominently marked to facilitate smooth drop-off by participants.

Community Engagement: Prior to the event, promotional campaigns were conducted through social media, posters, and local announcements to raise awareness about the importance of e-waste recycling and encourage participation. The response from the students was enthusiastic, with a significant turnout on the day of the camp.

Educational Sessions: To further educate participants about the impact of e-waste on the environment and the importance of recycling, informative sessions were conducted by **Asst. prof. Heena Khan**. These sessions covered topics such as the hazards of improper e-waste disposal, the recycling process, and the benefits of recycling electronic devices.

Donation Process: Participants were encouraged to donate various electronic devices, including old mobile phones, laptops, tablets, printers, batteries, and other gadgets. Our team of volunteers assisted participants in the donation process, ensuring that all items were collected safely and securely.

Certified Recycling Partners: All donated e-waste was carefully collected and handed over to certified recycling partners for proper recycling and disposal. This ensured that the donated items would be recycled in an environmentally friendly manner, minimizing their impact on the ecosystem.

Outcome:

The E-Waste Donation Camp succeeded in collecting a significant amount of electronic waste from the community, surpassing our initial expectations. By recycling the donated e-waste, we were able to prevent harmful substances from entering the environment and conserve valuable resources. The camp raised awareness among participants about the importance of responsible e-waste management and encouraged them to adopt sustainable practices in their daily lives.

The E-Waste Donation Camp was a resounding success, thanks to the active participation and support of the students. By coming together to donate their old electronic devices, students demonstrated their commitment to environmental conservation and sustainability. Moving forward, we remain dedicated to organizing similar initiatives and fostering a culture of responsible e-waste disposal in our community.
